Mystery Woman Pointless Review

Mystery Woman ([YouTube](#)) (8)

First Shown January 8, 1935

Mystery Woman is a classic split *McGuffin*.

Mystery Woman's, let's call her Margaret, husband is stripped of his rank & shipped off to [Devil's Island](#). *Mystery Margaret* has to retrieve *The McGuffin* from a transatlantic cruise to free her husband from prison.

As is the nature of *The McGuffin*, everybody wants it. Everybody's chasing *The 'Guff*. MM finds *The McGuffin* quickly, but she only finds half. Useless. Someone else has the other half.

The Split McGuffin plot then proceeds to move the two halves of *The 'Guff* among different characters like a Scrambler at the carnival.

MM teams up with & then against this classic trope character,

The Dark-Haired Thin Mustachioed Man

Is he foreign? Is that an accent? Probably called Ramon or Silvio or Rico or Horst or, if American, Jimmy. He's not the top goon, he's the fixer. He does the nefarious deed with finesse. Big Number Two. He's the unwanted suitor. He's the guy echoing the boss. He's in the dice game, at the racetrack or back-up for the bookie. Sometimes he's shortly the boss.

He's not William Powell. He's always shot in the end.

This time, The Dark-Haired Thin Mustachioed Man is a loner, just in connect with the bartender. He's floated as a love interest for *Mystery Margaret*. Why?

Plus, MM seems personality free. Zippo chemistry. There's only three or four full shots of her face in the whole movie. She's a main character mostly in the background. An appendage to her husband tasked with leading the film. She just becomes a plot-follower.

One cool scene, she hid half a *McGuffin* inside a phonograph player, allowing The Dark-Haired Thin Mustachioed Man to escape persecution.

This idea, the secret phonograph player, was created by the Blaine NE #1302 company [The Cubbyhole](#), Sponsors of This Review:

Sally's Workshop

Sally, Probably.

Meet The Professionals

March 17, 1953

From a found notebook in a pile of stuff in a storehouse somewhere,

Addressed to no one.

'Sally' The Stripper

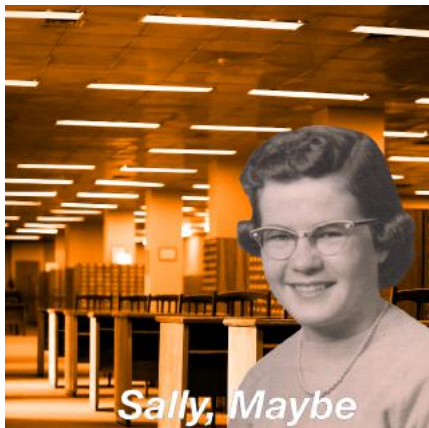

No, I don't take my clothes off for strangers' titillation. Shame on you.

I strip workers of their clothes for professional and personal humiliation.

Among other tasks.

I'm a stripper.

After The Outward Collapse of **AMERIKA!** In 1950, we were—as a BizNation—*fash-tish-ticly* falling into the natural instinct to inflict pain on others. Books on manipulative and malignant narcissists topped financial districts bookshelves everywhere. Read 'em all, forget 'em all.

The High Mystic Capitali\$ts needed workers to pay & still stay. Not flee like so many in The '40's, through *the loop de loop*.

And one, *or all*, when one *or all*, have a fantastical profit-driven prophecy, every one and *every all* adopt one or *all of one* or all's profit-driven prophecy immediately. **Now.** *They say.* Memorized it like a sunset.

The Profitcy: Employees are children who need punishment to drive the thrive.

A secret for me. One of the ones remembered. You know you knew. Repetition. Repetition. Reinforcement. I'm a **Northie/Southie** by birth.

99.998 percent of humans have **Left/Right** brains, mine is bifurcated into **North/South** halves.

What's this mean? Dunno much, don't care to know. Much shuddered. Much intentional forgotten.

The Psychotronic Brain Scientists said that both the creative & logical are joined, but memory & emotions are split somewhat. Bifurcated. Probably a lie.

Developing the ability to forget at will only makes you realize there ain't much worth remembering.

When certain darker moods set upon me, my memory shortens and my short-term memory could purge completely. *Did it happen?* Life is fundamentally a compartmentalized experience.

Work/Not Work. Family/Work. Sleep/Work.

The ability to fully compartmentalize is my value. The ability to fully compartmentalize is my value. The ability to fully compartmentalize is my value. Darken Unvaluable Brain Compartments.

'Sally' The Stripper

The Proficy: 1A. Ritual Humiliation not only bonds workers to work, but the abatement of Ritual Humiliation keeps the grateful children working.

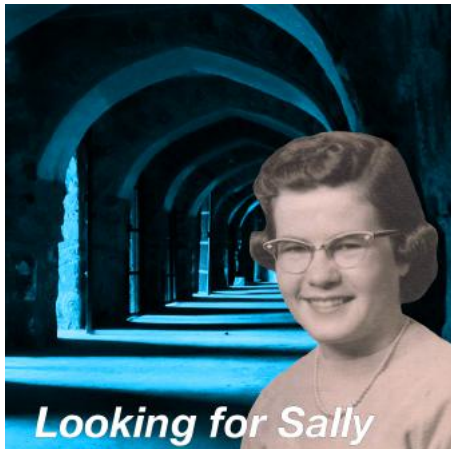

When shucking crickets as a pre-employee pre-teen, the family I lived with would say I'd cackle like a mad ocelot as I pulled the legs off dinner, rolled the meat in flavour powder—OTHERS POWDERS—pop the tasty grit gravy into my mouth & not remember. At all. Subconscious forgetting? Dunno.

Now we can't make the cricket tray, not 13, ain't enough, ain't enogough, ain't.

You wouldn't like me when I get angry. I don't remember or don't want to remember when I'm angry.

Born in 1930, **AMERIKA!**'s First Employee Year was during my birthday. **The PBS Monitors** offered me some new drug to help wield my 'Super Duper Power.' I wrote that down before purging. Fuck Super Dupers.

The Psy-Sci's said a very large number and I said yes.

The Proficy: 1B. Shared Humiliation bonds children to their work.

Long-term memories, the remembered, are always wonderful & with in focus with full emotional reach. The memory of every orgasm.

As sunset. A kiss. A first flutter of love. The isolated happiness of an imagined, lived-in love. That One Moment.

In a cubby hole, retrieved like shoes.

The lake is over there, so pretty.

Where's the sunset?

Talk with me later.

Love in Remembrance,

S
